Dear Mr Wendling,

Thank you for your kind letter seeking the patronage of the European Parliament to the project "*Youth Voice*" and the meeting in Metz between 11 and 16 October 2009.

Your event, which brings together 81 young persons from all the 27 countries in the European Union with the aim to discuss European citizenship and youth participation, reflects the concerns of the European Parliament. Our Institution is well known for its commitment to youth and active citizenship and it is therefore with pleasure that I lend its patronage to your event.

Unfortunately other commitments on my agenda prevent me from attending.

I wish you and the participants all success.

Yours sincerely,

Jerzy Buzek
